Courses:

The courses TD is restricted by the area

Yellow - 1.8 km (TD 2)

Orange - 2.1km (TD 3)

Short Green 3.2km

Green 4.1 km

Important Safety Announcements

Road Crossings - The short green traverses part of the 'Cala' estate so please be cautious and check for cars as you cross these roads. The green course transitions into Holme Hill over 'Ramoye.' Again, please exercise caution.

There is giant hog weed in the area. The Dunblane Development Trust takes this very seriously and is trying to contain it, but please be vigilant! Please be aware that the sap, when combined with UV light may cause long term blistering to skin that can appear several hours later. Please avoid this plant and if you do get sap on you wash off immediately, protect from light and get medical attention if it blisters. More information is available at:

<https://www.woodlandtrust.org.uk/blog/2022/06/giant-hogweed-facts/>

Plant recognition:

The Allan Water runs to the west of the area. Courses do not require you to be near this river.

Please be vigilant for ticks.
